PARCOURS PROFESSIONNEL

Principaux éléments de votre parcours à mettre en évidence par le président de session lors de son introduction

Dennis is a senior manager at PwC and has 11 years of experience in public policy development, mobility, strategic feasibility studies and cost-benefit analyses. Dennis coordinates all mobility-related projects within PwC Belgium and participates as an expert in strategic mobility studies. He mainly works on projects for public organisations where, as a project manager, he provides strategic support to the policy-making process. Dennis combines his economic experience with knowledge of technological innovations and mobility to help organisations with policy-related mobility issues. He has contributed to studies on road pricing, the legal regime of company cars and bicycles, low emission zones, benchmarks for public transport, etc. He also works on digital transformation projects, helping organisations with their IT strategy or implementing disruptive strategies.
